## **Thirty-ninth Annual Report of the Trustees of St. Luke's Hospital.**

**Fiscal year ending September 30, 1902.**

We desire to express our grateful appreciation of the liberality and interest shown by the friends of the Hospital, which has enabled us to close another year without deficit in current accounts, with additions made to the facilities for doing the work of the Hospital, and with the mortgage indebtedness reduced.

The expenditures for the current expenses of the Hospital have increased this year over last, five per cent; the work done as shown by the number of patient days has increased twelve per cent; and, as stated, the expenditure has been entirely met from receipts intended for current needs during the year with a credit balance of \$174. This is the third year in succession that we have been able to make this showing and we trust that it will strengthen the faith and increase the energy of the friends of St. Luke's.

It has been possible out of the income receipts of the past two years to reduce the mortgage debt \$3,500, making that burden now \$24,000, on which we have hereafter, the right to make a payment every six months. By the liberality of Mrs. Albert S. Laffin, the Gynecological Operating Room has been finished and furnished, and been made thoroughly suitable for its purposes at a cost of \$1,498.73. We have received from George W. Young, Esq., \$4,857, legacy of his wife, Jennie Ludington Young, which is used

as a working fund in the business of the Hospital, to enable it to discount its bills and meet its obligations with the promptness of a business house. This fund is intact and must be kept intact at the end of each year.

Edward Tinley, Esq., has endowed two free beds in the names of Edward Tinley and Dorcas A. Tinley, respectively, conveying to the Hospital lots, in the city of Chicago, valued at \$10,000.

A few loving friends of Rev. Clinton Locke, D. D., founder of this Hospital, have purchased an oil portrait of him and placed it in the Hospital as a slight token of their gratitude for his long devotion to its interests.

The Maria Braun endowment, \$482.53, has been received, the income of which is to be applied to the current expenses of the Hospital. The Huntington W. Jackson endowment has been received, the income from which is to be applied to the purchase of books for the library. The amount is \$971.50. Mr. John Crerar supplied a new kitchen range and ten bedsteads.

Mr. Byron L. Smith contributed an additional fire escape for the Solomon A. Smith ward.

With the consent of Mrs. Cyrus H. McCormick, the elevator from the Training School has been removed to the main corridor, and a very advantageous addition thus made to the elevator facilities.

While the City Building Inspectors approved the fire provisions and facilities of the Hospital, several suggestions growing out of their inspection were promptly adopted and Mr. John C. Hatley liberally offered to raise a fund to defray the expense. This he is doing as fast as the bills for the completed work come in. A portion only appears in the accounts of the year ending September 30, 1902.

Miss Robertson, Directress of the Training School, resigned in July to accept a position in Massachusetts. Her

term of service was marked by success in the conduct of the school. Miss M. E. Johnstone, a graduate of St. Luke's Training School and former assistant, has been appointed directress, and Miss Alberta Gage, also a graduate, has been appointed her assistant.

The Women's Board, with all its committees, under the Presidency of Mrs. Alexander F. Stevenson, has been very active and successful. The Linen Committee, under its Chairman, Mrs. John Crerar, has again broken its remarkable record by gathering even more supplies, and has crowned its efforts by refitting the linen rooms with new floors and linen closets.

The gratitude of the Trustees is respectfully tendered to all the ladies of all the committees, who daily furnish the answer to their own doubts of the value and importance of their work to the Hospital.

The officers and working staff of the Hospital, under the guidance of Superintendent Louis R. Curtis, are entitled to the thanks of the Trustees, gladly given for efficient and harmonious work.

The Trustees thank all the other friends of the Hospital named in the report which follows, for their gifts and encouragement, without which this report of a prosperous, useful year would not have been possible.

## Superintendent's Report.

To the Board of Trustees :

*Gentlemen:*

I beg to submit the following report of the work done in the Hospital during the past year.

It will doubtless interest you to learn that while patients have been refused admission because of a lack of room or because they were inadmissible under our rules, none have been declined simply because they were unable to pay.

The era of prosperity which has aided business enterprises generally has not benefited the Hospital but on the contrary has added to the perplexities of financing the institution. The rise in the cost of labor and supplies of every kind has produced a material increase in the cost of operation and the receipts from charitable contributions are less than for any recent year, while the charges to the patients, which in the case of ward patients, are based on the ability of the patient to pay rather than the actual cost to the Hospital, have remained the same. Notwithstanding this we have maintained the usual ratio of free work, about thirty-six per cent, besides the work done in the dispensary.

That we have been able to do this may be explained as follows: The work of the Hospital has increased 4618 patient days and as we operate more economically when at a maximum than when there is much empty room (the cost per patient day has been reduced to \$1.71), and as larger proportion than ever before, of the pay patients occupied

private rooms, thereby affording a greater profit, we were able to meet the adverse conditions successfully.

The actual earnings of the Hospital for the year were \$70,731.81, which is \$6,920.64, or eleven per cent, more than in any previous year. This was not earned at the expense of the free work, as is shown by the above mentioned proportion of free and pay patients.

An analysis of the income applicable to current expenses of the year will serve to show the extent to which the work of the Hospital is dependent on the income derived from pay patients.

Earned income.....	\$70,731	81	or 77.7	per cent
Income from endowment (net).....	11,472	82	" 12.6	" "
Charitable contributions available for current expenses.....	8,649	27	" 9.7	" "

---

Net income applicable to current expenses...\$90,855 90

Our most pressing need is more private rooms. We should recognize the fact that we have reached the practical limit of the earning capacity of our private rooms. They are our most important source of income and there is an urgent demand for high-class accommodations. In the absence of an increase in the charitable contributions our free work can grow only as the earning capacity grows. A building properly located and equipped would not only enable us to devote the whole of the older buildings to those patients who are able to pay only small amounts or nothing at all, but it would also provide the income necessary to keep the beds filled and would thus be the most practical method of providing a permanent income for the care of the sick and injured poor.

Another point which is not often brought out is, that an institution which earns the greater portion of its income must of necessity be conducted on good business lines, must keep up with the advance of science, and above all must

render satisfactory service to both the physician and the patient, under penalty of a loss of income.

Our general equipment and organization is capable of expansion without great added expense, and, as has been demonstrated during the past year, an increase in the number of patient days will be followed by a marked reduction in the cost per diem.

The statistical matter which follows will furnish detailed information as to the work and expenses of the year.

Respectfully submitted,

LOUIS R. CURTIS,

*Superintendent.*

## Chaplain's Report.

TO THE BOARD OF TRUSTEES,

*St. Luke's Hospital, Chicago.*

GENTLEMEN: My work as resident Chaplain has been carried on during the year past without unusual interruptions and with many evidences of increased appreciation on the part of those to whom it is my privilege to minister.

Daily services, morning and evening, have been held in the chapel, the Holy Eucharist being celebrated on Sundays, Thursdays and holy days. When expedient, patients unable to attend service in the chapel have been communicated in the wards. I aim to visit daily the patients in the open wards and such as are accessible in private rooms, ministering to them in such ways as the conditions warrant and occasion demands.

The warm appreciation of such ministrations on the part of the patients, the hearty co-operation of the nurses, the uniform courtesy and increasing interest on the part of the internes and attending physicians have made my work a delight and promoted its effectiveness immeasurably.

More and more are we coming to realize and take advantage of the rare opportunities afforded in our work, for advancing the higher interests of man while ministering to his temporal needs.

During the year I have administered the sacrament of baptism to eleven infants, solemnized four marriages, and officiated at five burials.

Many additions have been made to our library since my last report and I wish to express my gratitude to the Union League Club, the Chicago Club and the many individual donors who have manifested an interest in this important branch of our work.

Having realized so fully the hopes entertained one year ago as embodied in my report, I can but foster even brighter hopes for the year that is to come.

Respectfully,

GEORGE DEMING WRIGHT,  
*Resident Chaplain.*

## List of Beds Supported.

The following is a list of beds supported in St. Luke's Hospital during the past year, by the payment of \$300 each.

NAME OF BED.	BY WHOM SUPPORTED.
1 The Hibbard Bed.....	Mrs. Wm. G. Hibbard.
1 Ellen G. Ryerson.....	Estate of Joseph Turner Ryerson.
1 Graham Fairbank.....	N. K. Fairbank.
1 Marshall Field.....	Marshall Field.
1 The Scudder Bed.....	Miss Scudder.
1 Anna Frances Brega.....	Charles W. Brega.
1 Anna Jones Hubbard.....	E. K. Hubbard.
1 Geneva Fuller.....	Wm. A. Fuller.
1 <del>Edwin H.</del> Sheldon.....	E. B. Sheldon.
1 Hibbard, Spencer, Bartlett & Co....	Hibbard, Spencer, Bartlett & Co.
1 Chauncey B. Blair.....	Watson F. Blair.
1 William B. Ogden.....	Mrs. W. F. Whitehouse.
1 Sisters of Bethany.....	Sisters of Bethany (Grace Church).
1 Dr. James DeKoven.....	Mrs. John DeKoven.
1 St. Luke's Bed.....	St. Luke's Aid Society (Grace Ch.)
1 Trinity Church.....	Trinity Church.

### THROUGH THE WOMAN'S BOARD.

- 1 The Margaret Carter Bed.
- The St. Helen's Bed.
- The Frances Cot.
- The Stranger's Cot.
- The St. Elizabeth Bed.

## ENDOWED BEDS AND ROOMS.

THE CHURCHMAN COT FOR CHILDREN, 1879.—The endowment for this was collected by the <i>Churchman</i> newspaper in New York.....	\$ 4,000
THE MINNIE MEMORIAL FOR CHILDREN, 1879.—In the memory of the first child who died in the Hospital, Minnie Blickien. The money was collected by Mrs. A. Douthitt.....	4,000
THE BED FOR INCURABLES, 1889.—This endowment was collected by Miss Olive Lay.....	3,000
THE SEWING WOMAN'S BED, 1881.—The money for this was collected by Mrs. N. K. Fairbank.....	3,500
THE COT FOR CRIPPLED CHILDREN, 1885.—This endowment was collected by Mrs. Abram Williams.....	4,000
THE BALDWIN BED, 1881.—This was endowed by Mrs. M. C. Baldwin of Lowell, Mass., in memory of her husband, and was the first bed endowed in St. Luke's.....	4,000
THE ILLINOIS CENTRAL BED, 1882.—This bed was endowed by the Illinois Central Railroad Company, for the benefit of its working men, by the payment of.....	6,000
THE MARGARET STEARNS HARRISON BED FOR INCURABLES.—Endowed by Hon. Carter Harrison, in memory of his wife, who died April 30, 1887.....	4,000
THE PECK BEDS.—These are three beds for women. Endowed by the payment of \$15,000, left for the purpose by Mrs. Clarissa C. Peck, of Chicago, who died December 22, 1884....	\$ 15,000
THE HEYDOCK BED, 1887.—In memory of Dr. M. O. Heydock, for many years a faithful physician in the Hospital, who died April 17, 1881. Endowed by a legacy from Mrs. Helen H. DeKoven, who died March 24, 1886.....	5,000
THE ARMOUR & CO. BED.—Endowed by Armour & Co., in 1888, by a payment of.....	5,000
THE HAMILTON BED.—Endowed by Mr. I. K. Hamilton, in memory of his wife, October 11, 1888, by the payment of.....	5,000
THE LARNED BED.—Endowed by family of E. C. Larned, January, 1886.....	4,000
THE CAROLINE O. BLAIR BED.—Endowed by C. B. Blair, March 1, 1889, by payment of.....	5,000
THE JOHNSON BED, 1890.—Endowed by the Johnson family, by the payment of.....	5,000
THE HELEN H. DEKOVEN BED, 1887.—Endowed by the payment of.....	5,000
THE HANKS BED, 1890.—Endowed by C. B. S. Hanks by the payment of.....	5,000
THE CONRAD SEIPP BED, 1890.—Endowed by the Seipp family, by the payment of.....	13,000
THE SAMUEL JOHNSON BED, 1890.—Endowed by the payment of.....	5,000

THE LAWRENCE LAFLIN BED, 1891.—Endowed by Mr. George H. Laflin, by the payment of.....	5,000
THE TRINITY CHURCH BED, 1891.—Endowed by the payment of	4,000
THE GEORGE PLANT LOCKE BED FOR NEWSBOYS, 1891.—Endowed by the payment of.....	4,000
THE MARGARET K. FISHER BED, 1892.—Endowed by payment of .....	5,000
THE DORA KEEP MEMORIAL ROOM, 1892.—Endowed by the payment of.....	5,000
THE ESTHER MARBLE FREER BED, 1892.—Endowed by the payment of.....	5,000
THE JOHN CRERAR ROOM, THREE BEDS, 1892.—Endowed by payment of.....	25,000
THE HUGO J. PALMER BED.—Endowed by a fund of.....	7,500
THE SUSAN M. STUBBS BED.—Endowed by a fund of.....	7,500
THE PETER SCHOENHOFEN BED.—Endowed by the payment of	4,000
THE ST. ANDREWS BROTHERHOOD BED, 1893.—Endowed by the payment of.....	4,000
THE WM. GOLD HIBBARD BED, 1894.—Endowed by the payment of.....	5,000
THE LYDIA B. HIBBARD BED, 1895.—Endowed by the payment of.....	5,000
THE ANNIE W. JOHNSTON BED, 1895.—Endowed by Mrs. James Johnston, by the payment of.....	5,000
THE GIRLS' FRIENDLY SOCIETY BED, 1895.—Endowed by the payment of.....	4,000
THE VICTORIA JUBILEE BED, 1896.—Endowed by the payment of.....	3,000
THE GEORGE M. PULLMAN-LOWDEN BED, 1896.—Endowed by a fund of.....	5,000
THE GEORGE M. PULLMAN-LOWDEN FUND, 1896.—Endowed for furnishing of Florence Ward by fund of.....	5,000
THE ELIZABETH H. STICKNEY ROOM, 1897.—Endowed by a fund of.....	10,000
THE EDWARD S. STICKNEY ROOM, 1897.—Endowed by a fund of	10,000
THE THOMAS BURROWS BED, 1897.—Endowed by a fund of....	5,000
THE EDWARD TINLEY BED, 1901.—Endowed by a fund of....	5,000
THE DORCAS A. TINLEY BED, 1901.—Endowed by a fund of....	5,000

Total invested endowment funds..... \$247,500

The present minimum cost of the endowment of a bed is \$5,000; of the endowment of a room is \$10,000.

#### SPECIAL ENDOWMENTS.

THE HUNTINGTON W. JACKSON ENDOWMENT, 1902.—The income to be applied to the purchase of books for the library.....	\$971 50
THE MARIA BRAUN FUND, 1902.—The income to be applied to the current expenses of the Hospital.....	483 53

## Annual Report

Of the Recording Secretary of the Woman's Board of St. Luke's Hospital.

Fiscal Year Ending September 30, 1902.

The Woman's Board has held eight meetings during the past year. At the meeting in November the following officers were elected :

Mrs. Shepard having declined to serve longer as President, Mrs. Alexander Stevenson was unanimously elected to fill the position.

Vice-President, Mrs. Henry Dibblee.

Second Vice-President, Mrs. Albert Erskine.

Recording Secretary, Mrs. Charles H. Richardson.

Corresponding Secretary, Miss Helen L. Carter.

Treasurer, Mrs. Robert W. Hunt.

Various committees were appointed and thanks are due them for their successful work.

The needs of the Hospital and Training School, reported by the Visiting Committee, the Board has endeavored to satisfy, when in its power financially.

The committees on free beds have collected \$1,430, thus making them support in full five beds, with a surplus of \$30.

This report from the Treasurer shows a gratifying gain of \$226 over last year.

Through the successful efforts of our President, the Board has been able to entirely redecorate and refurnish the reception room on the main floor of the Hospital and also buy a bench for the corridor.

The Linen Committee deserves great credit and congratulations for its excellent work in the supply of linen furnished the Hospital and Training School and the fitting up of three rooms in the Hospital to be used for the storing, distributing and mending of linen.

During the year twelve names have been added as members of the Board and many have joined the Associate Membership.

The sincere thanks of the Board are due to all of those whose assistance has enabled it to give much successful aid to the Hospital and Training School.

Respectfully submitted,

BEATRICE C. HONORÉ,

Recording Secretary.

## Report of the Treasurer.

Below I submit a statement of funds received and disbursed by me as Treasurer of the Woman's Board of St. Luke's Hospital, from November 1, 1901, to November 1, 1902:

### **Report of the Chairman of the Committee on Linen.**

The third annual report of the Committee on Linen of St. Luke's Hospital, is in some respects so encouraging that I fear it may lead some to believe that we are in such good condition that the same amount of work will hereafter be unnecessary. So before we go further may I explain that your aid is more essential than ever.

There is one item which has not come forcibly under your notice, and that is the construction of the new Linen Rooms and their requirements.

Last winter, through the efforts of Mrs. Kellogg Fairbank, one of your members, an entertainment was given which netted us \$927. This enabled us to fit up these rooms. One with bins for the reception of soiled linen; one with glass door cases for the clean, and another with also a case besides, giving space where material can be counted and the old repaired.

There is now in use the hotel system of giving out supplies for the institution. Each ward is allotted so much linen, the amount deemed necessary under ordinary conditions. When a piece becomes soiled it is taken to the woman in charge of our materials and is exchanged for one clean and in excellent condition. To do this requires a larger stock to draw from, for not only every ward and room has its supply but so does the Linen Room, enough to meet the necessities of the Hospital for two days, that is for Saturday and Sunday, no laundering being done on Sunday, therefore no clean linen comes out, and besides this a moderate reserve stock for emergencies

We hope, however, to economize by this method in the future in two ways. One through the mending, which can be more systematically carried on, and the other in guarding the reserve supply more carefully than it has been possible to do heretofore.

You have seen by the report just given that we have purchased a great deal of material. This we were only enabled to do with the rest of the entertainment money not used in building, and through special contributions from friends. It was our duty to fill these shelves and not start a scheme which would embarrass the officers and work of the ensuing year. I may say the rooms are not only constructed but supplied; and I hope you will all do us the favor to visit them. But while it is running on a business basis, the use, wear and tear goes constantly on. Linen is needed night and day. The supplies soon melt away and the sick patient cries for more for comfort's sake.

To give an idea of the requirements of the hospital, a few items may help. The average number of sheets used a day is from four hundred to five hundred. The average number of surgical towels a day five hundred; average number huck towels a day, four hundred.

As many of you know, the life of a sheet in a home is not less than three years; often more. The average life of a towel is about two and one-half years. In the Hospital the average life of a sheet is one year and the average life of a towel is one year. When linen is washed frequently it wears out just in proportion that much sooner. When acids, stains and the mangle are added, you can see how that again detracts from the durability of the supplies.

I thank every one who has made such an annual report as ours possible. I thank them for their money, their materials, their work and their interest. I thank the societies that have done splendid work and especially those

of the Woman's Auxiliary. I thank the clergymen for their influence.

Let me ask you now that we are starting our winter's work, not to forget St. Luke's, the only church Hospital in this Diocese of big Chicago.

We often find in soliciting help from some of the more distant churches that they can do little or nothing for us because of a Hospital at home. Do let us follow that example and look after our own Diocese Hospital. Let every church, no matter how poor or how rich, give as it can. Nothing is too small and nothing is too great. A sick man is the same the world over, and do not take that which is due your own church Hospital and give to our neighbors, for if we do not support our own where have we a right to look for that support?

Give the best materials you can, for it is economy in the end. Send them clearly marked, that there is no question who presented it. Give as much as you can. Give anything you can; but I beg most earnestly, you all give.

MARIE CRERAR,  
*Chairman.*

604

**Report of the Corresponding Secretary of the Committee  
on Linen.**

*Madam Chairman :*

Your Secretary begs leave to submit the following report :

Since the last annual meeting held in the Church Club Rooms on November 24, 1901, the Committee on Linen has held eight regular monthly meetings: two special meetings and the annual May Tea. The meetings as a rule were well attended and much interest was manifested.

During this period the Secretary has sent out about 2,800 communications of various kinds and descriptions, including the notices of the meetings.

The scope of this Committee has widened to a degree scarcely hoped for three years ago. At that time we had an unknown work to perform, no one having had any experience in the work or knowledge of how it was to be done. All, however, were convinced of the necessity of an organized appeal to the parishes of this diocese for systematic co-operation with the Linen Committee in supplying needs in this line to St. Luke's, the only Church Hospital in this diocese.

During the last three years we have increased the number of parishes approached by our committee from 56 to 71, and have attained the point of being in touch with the majority of active Churches and Missions in the diocese. From the present outlook it would appear that at no very distant day all the parishes that are now inactive will be in sympathy with our work.

St. Luke's Hospital has received during the last eighteen

months, since the close of our Second Annual Report, 7,000 articles of linen, donations from parishes, missions, individuals and the Linen Committee, a detailed description of which will be given you in the Report of the Linen Committee.

I regret to report that there seems to have been a falling off of interest on the part of the Associate Members, as is evidenced by the fact that during the year 1902, we have received dues from but 266, whereas the preceding year we had an Associate Membership list of 301. Your Secretary is at a loss to account for this but merely mentions the fact for your consideration. While not wishing to recommend any special line of action, still it would appear that from the great good which is accomplished by our Associate Members and their contributions, each member of this Committee should use her best endeavors toward eliciting the interest of those men and women who, while they might not become active members, would gladly contribute the small sum of one dollar annually toward buying such necessary articles as blankets, spreads, table linen, etc., which are beyond the means of most Church societies.

This report would not be complete without a special mention of the splendid work undertaken and successfully carried through by Mrs. Kellogg Fairbank, in the entertainment given at Mrs. Palmer's last March, from a part of the proceeds of which the sum of \$927 was turned over to the Committee on Linen.

Your Secretary in conclusion wishes to thank the Chairman and other members of the Committee for the help and cordial support which have always been given her.

Respectfully submitted,

MARY L. NEWBERRY,

*Corresponding Secretary.*

## Report of the Treasurer.

### Linen Committee.

March 23, 1902, at three o'clock in the morning, the Treasurer's books and papers were burned in a wreck which occurred upon the Southern Railway near Washington, in which the baggage and sleeping cars were burned immediately. One small check, which was lost at that time, was replaced by a duplicate, and the bank where the Linen Committee funds are kept, made a statement of deposits and amounts checked out, so that the following report is correct as to amounts and totals, but lacking in detail for the period covered by the lost accounts, viz., from June 5, 1901, to February 1, 1902. The report is therefore made in two parts.
